Father Bound Child With Chains

Bold Robbers Rifle Mail Train

Father Will Face the Law For Cruelty

Chained to a post in a hog pen in the rear of her home, Margaret, the 10-year-old daughter of John and Mary Kovach, was found yesterday by a truant officer at Fayette City.

The chain, which was of heavy links, had bruised the child, who was clad in a light wrapper.

The father refused to free the girl, it is charged. The truant officer found a key and released her.

The parents were arrested on an information made before Justice of the Peace Herbert Johnson, charging cruelty to a minor child. The information was made by Wilbur Van Bremen, principal of the Fayette City schools.

At a hearing last night 300 persons crowded around the office of Justice Johnson and threatened violence to the father. The parents, held for court, were released under $500 bail.

Seriously Injured

William H. Wickerham, of Eldora, more familiarly known as "Tip" the name being given him in the army, was seriously injured Thursday afternoon near Black Diamond, when struck by a White truck belonging to Lamp Bros., of McKeesport, and driven by a man by the name of Harry Campbell.

Mr. Campbell in company with his wife, were driving along, not speedily, it is stated, and at this point near a curve, Mr. Wickerham was walking along the road. He heard the sound of the horn and looking around in some manner became confused and stepped in front of the truck which threw him to the pavement badly cutting him about the face and bruising his body. Both Mr. and Mrs. Campbell alighted from the truck and found Mr. Wickerham under it. Rev. Henry McClellan and T. J. Eckbreth, driving from Donora, came upon the scene and with their assistance the injured man was placed into the Eckbreth car and rushed to the Memorial hospital.

Mr. Wickerham's condition today is thought serious because of his advanced age. Mr. and Mrs. Campbell accompanied the Eckbreth car to the hospital.

Woman Innocent

In the article in yesterday's paper giving an account of the arrest of Leonard Batch for the theft of an automobile it was stated that Allen Croslin and Mrs. Mary Mickle, were also arrested. This was an error as Mrs. Mickle was only asked to give her name and address in case she was needed as a witness. She states that she had no acquaintance whatever with the man charged with the theft and had only paused at the place to talk to Croslin as she was passing. It was at this moment the arrest was made and Mrs. Mickle is entirely innocent of any part in the affair. At the hearing Mr. Croslin was exonerated and Batch plead guilty to the charge and was placed under $300 bon for his appearance at court.

Victory Medals Ready

A war service medal, to be known as the Victory Medal, will be awarded to all officers, contract surgeons, enlisted men and nurses, who served on active duty in the Army of the United States at any time between April 6, 1917 and November 11, 1918, and whose service was honorable. Nurses will make application direct to the surgeon general of the army, Washington, D. C.

An army Field Clerk has been sent here from the Pittsburgh station to handle this work locally and all that is necessary for you to do is to submit your discharge certificate to the army Recruiting Station where your application will be prepared and forwarded and your discharge certificate will be handed back to you. The next of kin of soldiers who were killed in the service, or who have died since being separated from the service, are entitled to one of these medals, and application must be made by next of kin. The co-operation of the American Legion is requested. One of these medals is on display in the Eddy drug store window.

Harding Has Big Lead

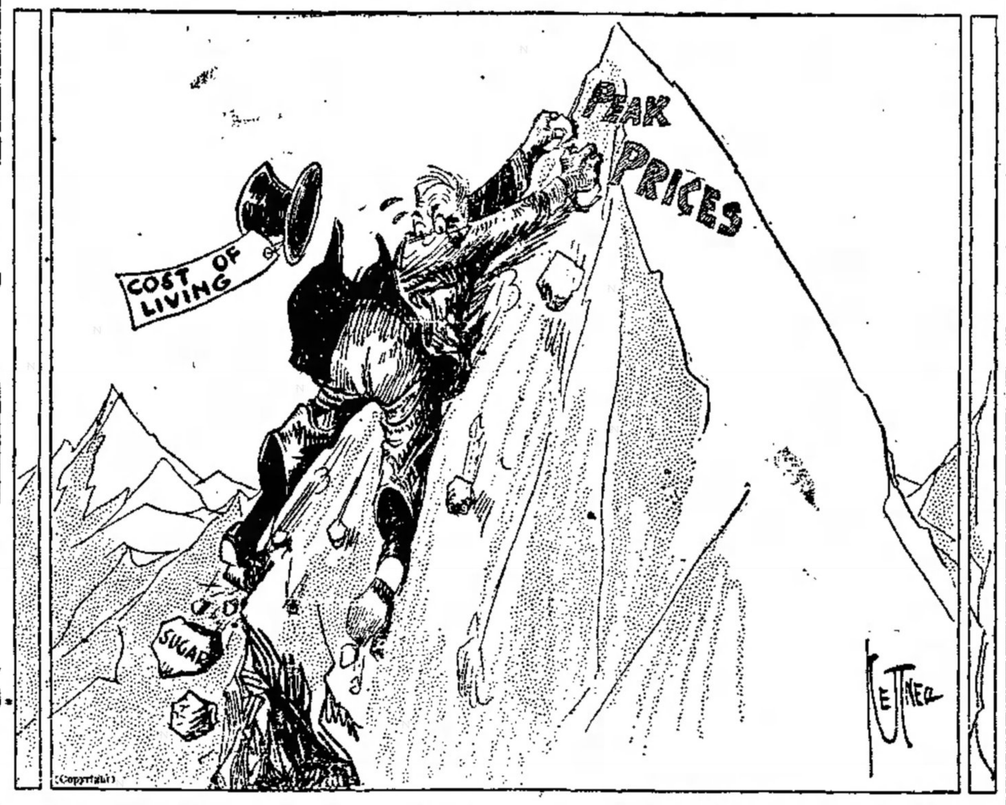
The straw vote being polled by the Rexall Drug company throughout the United States gives Senator Harding an overwhelming lead over his Democratic opponent Governor Cox. The Ohio Senator has a commanding lead in every state in the union with the exception of the solid South, which gives Cox 147 electoral votes. Out of the 511 electoral vote Harding, according to the vote, has 361, while but 266 is necessary for election. In Pennsylvania, Harding secured 1322 votes of men and 461 votes of women compared with 585 votes of the men and 189 votes of the women for Cox. In Ohio, which is supposed to be the battle ground of the two candidates Harding has a two to one lead securing 6217 male votes and 2239 female votes with but 3322 male votes and 924 female votes for Cox.

Balloon Race

(By United Press)

Birmingham, Ala., Sept. 25.—With weather conditions favorable twelve balloons were ready to take the air from the Sloss-Sheffield field at five o'clock today for the National race in an effort to break the long distance record of 1172 miles for balloons made by Allen R. Hawley and Augustus Post at St. Louis in 1910.

Prospects of a Long and Glorious Fall



MASKED BANDITS SECURE REGISTERED MAIL SACK FROM ILLINOIS CENTRAL FLYER

(By United Press)

Chicago, Sept. 25—Masked bandits early today robbed the mail cars of an Illinois Central flyer as the train was approaching Chicago, and escaped with the contents of six registered mail sacks.

The loot was variously estimated between $10,000 and $80,000. A check-up was being made to determine the exact amount.

The same train was robbed six months ago by Leroy Walton, who was killed in a revolver battle with police who tracked him to a fashionable apartment building. He obed $85,000.

The bandits forced the train to slow down on a block signal at Tucker, Ills. They hid between two mail cars. When a mail clerk started to walk from one car to the other, the masked men sprang out and forced him back into the first car. Five clerks were bound hand and foot. They were forced to lie helpless on the floor of the car while the two robbers investigated the sacks.

Near the outskirts of Chicago, the train slowed and the men leaped off. Police were notified shortly after and rifle squads were scattered through the district.

Three of the registered mail sacks stolen were from Memphis, one from New Orleans, one from St. Louis and one from Champaign Ill. "Sometimes these sacks contain as much as $200,000, but we don't know what was in them this time," officials said.

Two suspects were taken into custody today but authorities refused to reveal their names. One man was arrested while sending large amounts of money for trival items.

RESUMPTION OF HOSTILITIES

(By United Press)

Riga, Sept. 25.—Resumption of Polish-Bolshevik hostilities on a large scale was believed imminent here today, after receipt of advices that the reds are concentrating a big force of Siberian troops near Grodno. The objective was said to be an offensive directed at Brest-Litovsk.

Word of this new menace was received here just after the Bolshevik peace commissioners had suddenly reversed their previous attitude and agreed to accept Poland's terms, much to the astonishment of the Polish delegates.

The Bolshevik commissioners refused to credit the report of a Siberian army being organized for a new effort and said it was a false rumor circulated in an effort to create bad feeling and so prevent negotiation of a peace pact.

Budenny Wounded

(By United Press)

London, Sept. 25.—General Budenny, famous Bolsheviki cavalry leader was severely injured during a battle in the Ukraine, according to a dispatch received here today from Riga. Budenny led the Bolsheviki drive on Lemberg which resulted in overwhelming defeat of his army, which was dispersed.

Four Prisoners Escape From County Jail

(By United Press)

Uniontown, Pa., Sept. 25.—Four prisoners escaped from the county jail at an early hour this morning after one of the men had picked the lock on a heavy door leading to the jail yard. The missing men are Luke Wiley, of Uniontown; John Jenkins, of Connellsvile; Albert Clowsey of Akron, O and Chester Latrich of Connellsville. All four were charged with minor offenses.

Wiley an expert locksmith, is believed to have opened the lock, which allowed the men their freedom. Sheriff Ira Shaw with a force of police officials, is scouring the country for the men and it is expected that they will soon be captured. It is believed that they are at present hiding in the coke region and all railroads and public highways are being closely guarded by county authorities and State Police, who were called to assist in the search for the escaped prisoners.

Attempt Assassination

(By United Press)

Dublin, Sept. 25.—An attempt on the life of Major General Strickland was made in Cork last night, according to advices received by the military authorities here today.

While Strickland was motoring through the crowded streets, nine Sinn Fein assassins lined up and opened fire on him with revolvers. Nearly all the shots missed. The chauffeur of Strickland's auto was slightly wounded, and other bullets struck the motor. Strickland himself was untouched. After emptying their revolvers, the Sinn Feiners escaped in the confusion.

The coroner's inquest into the death of County Councillor Lynch killed in a hotel room here, has been halted by the government. Major General Macready forbade further investigation on the ground that Lynch was slain only after he had resisted arrest and had attempted to fire upon the military police.

Inquests into the deaths of those killed during the police reprisal at Balbriggan and other towns also were forbidden, on the ground that they were being conducted by Sinn Fein juries which have no legal standing.

Postoffice authorities today announced that the raiders who robbed the mails there last night escaped with 3,000 pounds. No trace of them has been found. The men were masked and heavily armed.

Reports reached here today of further reprisals at the villages of Doonbeg, Sealaha and Cree. Police were said to have set fire to many houses.

Democrats Lavish

(By United Press)

Chicago, Sept. 25.—W. D. Jamieson, financial director of the Democratic committee advanced $4,000 to Mrs. E. M. Parks, his seretary which she put into the "Stars and Stripes," a soldiers' magazine. Mrs. Parks refused to tell the names of other Democrats who had loaned her money to put into the paper. She said she borrowed all but $10,000 of the $48,000 she put into the paper.

Washington Sept. 25—Following "leads" recently presented, the Senate campaign fund investigating committee next intends to inquire into alleged lavsh use of money and influence in several state primaries this year.

It is uncertain when this phase of the investigation will begin. Senator Kenyon, the charman said today the committee would take up as soon as it gets time.

Allegations credited to Senator Underwood that $250,000 was used against him in Alabama will be among the first to be sifted. Charges that Federal officials and employes were swung into line to defeat Thomas W. Bradwick in Georgia for renomination to the Senate because he had been anti-administration, also are to be taken up smiilanli ifiionisuncav; taken up and similar charges with respect to Senator Gore's recent defeat in Oklahoma are bofore the committee.

Arrest Eight

Eight colored men were arrested last night on a charge of gambling in a pool room. They denied their guilt at the hearing this morning, but sufficient evidence was presented for the Burgess to assess a fine of $2.00 and costs on each of the players and $5.00 and costs on the proprietor. Police claim the men were using an old billiard table to "roll the ivories."

Options Expire

Several options on the Summit hotel have expired and announcement has just been made by Manager Leo L. Heyn that his hostelry will be open as usual about May 1, 1921. For the benefit of the many patrons who are enjoying the beautiful fall weather, the Summit will remain open until October 18.

Mr. Heyn is preparing to advertise for estimates on the construction of a swimming pool and if water facilities are favorable this will be one of the added attractions next year at the Summit hotel. Dancing has been tabood and the guests, including many tourists are spending their vacation in peace and quiet.

Providence, R. I.—Housemaids attention! Someone here advertised for "housemaid with good appetite, perfumed bath, toilet articles, rich food, rights off, limousine and amusement tickets provided, wages $35 a week".

NOTICE

Mr. Rizzuto wil hold a big dance Saturday evening of this week at, which time a solid gold lavilier will be presented to a lady and a solid gold ring to a gnetleman. Mr. Rizzuto will continue to give lessons on any musical instrument. 92-3t-fp

High School Players Hold Fast Scrimmage

The High school foot ball candidates are being put through real foot ball tactics by Coach Townsend during the past week in preparation for their opening game on next Saturday when they will meet the strong Morgantown High team. The visitors are one of the strongest teams in West Virginia but Coach Townsend was compelled to take them on as other teams in the Pittsburgh district, fearing the locals, refused to meet them so early in the season.

Scrimmage was held every night with one exception during the week and the players are rounding into form despite the fact that two thirds of the team is composed of raw recruits. On Thursday evening the first and second teams met in a half hour scrimmage that resulted in two touchdowns for the first team. The following evening the first team's backfield playing with the second team was able to cross the goal three times in a half hour and when put back of the first team they scored three times within fifteen minutes.

Capt. Hannigan was out of the game both evenings on account of a sprained ligament but it is expected that he will be out for practice next week. Vecchio at full back along with Schmidt and Hanlon at half back have been showing up in spectacular manner while the work of Monsiaux at tackle and Myford in the line is proving quite a sensation. The boys will undergo a hard week before the big opening contest as practically all line positions are yet to be selected and candidates have an equal chance of becoming regulars.

FOREST CONSERVATION TALK LIKELY FOR THE FUTURE

The committee on restoration of Pennsylvania timber has offered its services to the Monessen Board of Trade and urges that the board cooperate with a speaker from that organization to come to Monessen and make a talk with a view of stimulating interest in restoration of our forests. The board has planned a luncheon for the October meeting and has placed the matter of a speaking program in the hands of a civic committee. Whether this will be the topic under discussion at the meeting has not been determined by the committee. But there is a growing interest in this vital subject and people are becoming aroused to the necessity of drastic action to bring back to the state its much coveted forests which have been devastated. The letter to Secretary White follows:

Sept. 21, 1920.

Mr. James R. White, Secretary,
Monessen Board of Trade,
Monessen, Pa

Dear Mr. White:

I have your letter of the 17th as well as your letter of the 16th addressed to Mr. Pinchot. Our Committee appreciates your interest but we must of course take exception to your suggestion that Pennsylvania sections of the state are not in need of forest education. The situation is just like that. Where we have found the communities thoroughly alive to the subject because they have a horrible example staring them in the face at all times.

It is particularly the industrial section and in the [illegible] where education on forestry is most needed.

The denuding of our forest lands in Pennsylvania has worked havoc with all industry and is costing the state $100,000,000 a year. This is felt in every way and is felt especially in the coal fields.

Ten cents worth of timber is consumed in every ton of coal mined.

We want to impress the men who will sit in the next Legislature at Harrisburg. It would be suicide if a member or Senator from a forest district be against forest restoration, and the legislators from all parts of the state will only be interested in the question in direct relation to the interest displayed by their constituents.

Our committee would particularly like to have your organization help us stage some sort of an event in Monessen during this fall.

Very truly yours,
A. Nevin Detrich
Secretary.

Will Cost Consumers More for Gas Supply

Natural gas consumers in Western Pennsylvania may expect ultimately to pay much higher prices—possibly approaching the rate now charged in Kansas City, Mo., which is $1.30 for the first 1,000 cubic feet—Samuel S. Wyer, natural gas consulting engineer for the government Bureau of Mines, testified on Wednesday at the hearing on suits brought in the United States Supreme court by Pennsylvania and Ohio to enjoin West Virginia from enforcing the provisions of the Steptoe law, providing that gas produced in West Virginia may not be transported outside the state until home consumers are supplied.

Mr. Wyer said real natural gas conservation could be procured by raising the price of the fuel to a point which would make saving worth while. The cheapness of the fuel in West Virginia he said, was responsible for a great waste of natural gas there and would attract many industrial concerns to West Virginia should the Steptoe law be enforced. He reiterated his belief that the enforcement of the Steptoe act would within a comparatively short time shut off all gas from West Virginia for use in other states, thereby cutting off the supply entirely in many communities in this section of Pennsylvania.

This phase of the gas situation only tends to emphasize the importance of the domestic coal supply situation which special committees from the Board of Trade, the school board and borough council will endavor to solve. Many residents have already found that it is practically impossible for them to secure a load of coal for use in their homes, and although they have endeavored to place orders with dealers have so far been unsuccessful in their efforts. The natural gas supply cannot be depended upon for any length of time, while the coal situation presents a problem that is most perplexing.

POPULATION 20,000

REPUBLICAN IN POLITICS

CROWDED COLLEGES

Many people can remember the time when a young man who tried to go to college was considered doing a remarkable thing. He was pointed out on the street and commended for his exceptional spirit. This fall the colleges report their application lists so crowded, that many would be students are turned away. Many young people are attending little known institutions, because the big ones are filled.

In some colleges students have to live in towns some distance away and commute to the college, since they are unable to find rooms either in the dormitories or in private families.

Not so many of these young people are filled with any consuming zeal for literature and the other things the colleges have to teach. They have probably conceived the idea that a college education means success in life. If they acquire the exactness and thoroughness of thought and method that a college education is meant to give, they will find it pays most abundantly. If they took away their four years, the veneer of culture will soon wear off.

SCHOOL GARDENING

The school children of Cleveland, Ohio, raised in their gardens last year $79,835 worth of vegetables, there being 8255 of them who reported results. While this was not large per capita, it was good, considering the tiny back yards of a big city like Cleveland. In a community like Monessen where more land is available children's gardening should show still better results relatively. If similar gardens were conducted by children in every city and town, it would make a tremendous addition to the vegetable supply. Many of these children would become permanently interested and would continue to cultivate land where they grow up.

READY SERVICE MEN

It was a notable feature of the terrible disaster in Wall street, that the ex-service men seemed to be the first to recover their presence of mind. They knew what to do. This was not merly because they had been through scenes of carnage and disaster and were used to them.

It was also because their experience in the army made them quick thinkers and practical in an emergency. Former officers of the army and navy were at work within two minutes after the crash came, and already were loading injured people into automobiles and starting them for the hospitals.

An incident like this proves what many people have been claiming, that men who went through the army experience would be very valuable in the exigencies of daily life. Quick thinkers count everywhere, and the discipline of the service created that capacity.

SAVING THE PAPER

With old paper stock worth about a cent a pound, each family in Monessen and everywhere else, ought to save every newspaper copy that comes into the home. To throw away or burn up this valuable material, is prodigal waste. If all the newspapers and circulars and miscellaneous pieces of paper that come into the homes could be saved, the present shortage, which is a severe tax on industry and intelligence, could be relieved.

Organizations should take up the work of collecting old paper and ask families to save it for them. Cities and large towns might be divided into districts, with one organization assuming responsibility for getting the paper in one district. Paper is becoming so valuable that many people refuse to give it away but prefer to sell it to the junk man. Nevertheless charitable organizations canvassing a district would get a great quantity of it, and make a good deal money.

NO FOOD STRIKE

Last spring it was predicted that the farmers would cut down acreage of crops, as a result of dissatisfaction with prices of products. It looked to many people as if farmers were going on strike.

But the government report for crop condition for September 1, showed that such predictions were moonshine. The Aggregate of leading staples will exceed the five year average. The farmer does not have the strike spirit. He may reduce his own production when he can see no way to raise a crop profitably. But to attempt to get his way by compulsion upon the community, is contrary to his ideas, and would seem to him to threaten disaster.

The people who allow dead leaves to lie around their grounds till the wind blows them off, are encouraging their neighbors to deliver them an equal supply by the same means.

The fall bonfire is a grand institution, but you don't need to delay starting it until wash day when the wind blows toward your neighbor's clothes line.

The theory of the anarchists of how to revenge themselves on the money kings, is to blow up a lot of hard working clerks and stenographers.

The sounds of industry proceeding from the kitchen may be Mother making bread, but more likely they are Dad making home brew.

You are more likely to please the modern school girl by giving her a baseball bat than by offering her a doll.

Women reported slow to register. Perhaps they think the registration boards will wait for them as patiently as their husbands have to.

The candidates show their deep feeling for the suffering of the people, by coming around and kissing the babies.

The kid who has had to wait for an hour for dinner, can't see any merit in hunger striking.

A REAL FLESH BUILDER

Argo-Phosphate contains phosphates such as physicians all over the world are prescribing to build up all run-down, enemic conditions and changing thin, enemic women with toneless tissues, flabby flesh into the most beautiful, rosy-cheeked and plump, round formed women imaginable.

NOTICE—Dr. Frederick Jacobson says: Argo-Phosphate builds up all run-down conditions in a few days wonderfully.

Dispensed by Guy R. Eddy. 1t

MAKING WAR ON DISEASE MENACE

American Red Cross Announces Budget of $48,200,000 For Current Year.

NEW DISASTER RELIEF PLAN

Continuance of Heavy Work Abroad Deemed Necessary to Protect United States—$21,000,000 Less Than Last Year.

A program of relief and service toward which appropriations of $48,200,000 have been made has been outlined for the American Red Cross for the fiscal year, July 1, 1920, to July 1, 1921, according to official announcement by national headquarters of the organization at Washington. The figures for 1920-21 are $21,000,000 below those of 1919-20, in which $69,400,000 was spent.

Important among the items of the budget for the present year is the appropriation of $31,500,000 for relief in foreign lands, which includes $11,000,000 in purchased supplies on hand and not distributed.

Must Protect United States.

This will enable the American Red Cross to continue its humanitarian effort to aid stricken peoples to re-establish themselves, to fight the disease epidemics which threaten many countries and to efface largely the remaining traces of the blight left by the World War. It is regarded as social as well as physical sanitation on a large scale that will have a direct bearing on future conditions in America.

Central Europe, the chief sufferer from the conflict, today is facing another winter of famine, pestilence and ruin. Typhus decreased much during the summer months where last winter it had its greatest stronghold, but physicians who investigated the situation at the behest of the League of Red Cross Societies have given their unqualified opinion that this coming winter will see a recurrence on an unprecedented scale. The Red Cross feels it must continue preventive measures abroad to keep this and other deadly maladies from the United States.

Millions for Work at Home.

When the disease was sweeping Central Europe last winter the American Red Cross, with the aid of the governments of afflicted nations, undertook the fight against it. Hospitals were established wherever possible and food and clothing were distributed to the undernourished populations, who by reason of their undernourishment were easy prey to the epidemics. Where disorganization contributed last year to the great inroads made by the disease, by virtue of its knowledge of the disease and the presence of well established hospital centers, the American Red Cross this year will undertake the work with a new confidence.

Including the total of $11,000,000 in supplies left from the last fiscal year, the $31,500,000 is $21,000,000 less than the expenditures for 1919-20.

Appropriations for domestic activities total $16,700,000.

The largest item of this "home" budget is $7,800,000 for civilian relief work. This includes service and assistance for families of soldiers, sailors and marines, and work incidental to disaster. Of the total appropriation for civilian relief, $5,000,000 is held in reserve for the carrying out of actual disaster relief.

Reduced Overhead Expense.

The Red Cross invariably is the first thought of a community visited by calamity. With this in mind, it was determined by the Executive Committee in preparing the budget of 1919-20 to have a fixed reserve fund from which to draw in these instances.

For assistance to soldiers, sailors and marines in hospitals and in camps this year $1,900,000 has been set aside. Four million two hundred thousand dollars has been appropriated for improvement of health and prevention of disease throughout the United States during the current twelve months. The Red Cross is co-operating fully with the United States Health Service in this work and through its Junior Red Cross is doing much to spread among children the principles of sanitation. An appropriation of $1,000,000 has been made for developing the peace time program of the Red Cross by service to its chapters in all regions.

The appropriation of $48,200,000 is exclusive of the local expenditures of the 3,000 or more chapters.

Administration expenses this year will be $1,800,000. Last year they were $2,300,000.

Don't Wait

for workers to come and ask you for a renewal of your membership. Send in your dollar to the nearest local chapter of the American Red Cross. Welcome the opportunity and privilege of repledging your fellowship by promptly answering the

Velocity of Light.

Physicists never tire of efforts to increase the accuracy of their knowledge of the fundamental facts of science. A redetermination of the velocity of light by the Fizean toothed wheel method was made at Nice. These experiments were remarkable on account of the great distance over which the beam of light employed was transmitted. Previously such a beam had been caused to travel about fifteen miles, but on this occasion the reflecting mirror was so placed that the total distance traversed by the beam, going and returning, was fifty-seven miles. The mean of 1100 observations gave for the velocity of light 186,284 miles a second.

Get Lucky Tips in Dreams.

When an Italian has a dream he doesn't go tell his friends about it for the sake of making conversation, but hurries to get his dream book to find out what the dream portends. The book has a number for everything man wears, has, eats and sees. Things shown in a dream are looked up, and the corresponding numbers are played by the Italian in the week's national lottery. And if he doesn't win, says Kenneth L. Roberts in the Saturday Evening Post, he feels positive that somebody with the Evil Eye has looked at him and broken his chances. The man with the Evil Eye is hated, feared and shunned.

Keeping Water Cool.

The only way to keep water cool is to surround it with some material that is a bad conductor of heat, or in other words, does not pass on the heat too rapidly. The poorest conductor of heat is a vacuum or space from which the air has been excluded; hence, a thermos or vacuum flask makes the best container for cold water. Other bad conductors of heat are wood, leather, felt, horn, bone; containers made of or covered with these materials will keep liquids cooler than those made of metal or glass.

Easy Grace and Comfort in

ATHENA UNDERWEAR

ATHENA Underwear *stays comfortable.* You can't stretch it out of shape, and it won't bind or gape, whatever your position.

It is tailored to follow the natural lines of the body, and that means rounded lines as well as straight lines.

ATHENA Underwear is made in every style, weight and quality, and at prices no greater than are usually asked for ordinary underwear.

ATHENA Underwear — Ordinary Underwear

Note the striking contrast between ATHENA and ordinary underwear, as shown in the graphic illustrations of Women's Underwear.

FORD
The Universal Car

Reduction In Prices On Ford Products

The War is over and War Prices Must Go. Effective at Once. Ford Cars, Trucks and Tractors will be sold F. O. B., Detroit at the following price:

TOURING, Regular Without Starter	$440.00
RUNABOUT, Regular Without starter	$395.00
TOURING, With Starter	$510.00
RUNABOUT, With Starter	$465.00
COUPE, Complete with Starter and Demountable Wheels	$745.00
SEDAN, Complete with Starter and Demountable Wheels	$795.00
One Ton Chasis Truck With Pneumatic Tires	$545.00
Half Ton Chasis	$360.00
TRACTOR	$790.00

The Ford Company makes this reduction in the face of the fact that they have on hand immediate orders for 146,065 cars and Tractors. The Company will suffer a temporary loss while using up the material bought at high prices. They are willing to make the sacrifice in order to bring business back to a going condition as quickly as possible and maintain the momentum of the buying power of the country. Henry Ford says "The War is Over and it is time War Prices were over. There's no sense of wisdom in trying to maintain an artificial standard of values. For the best interests of all it is time a real practical effort was made to bring the business of the country and the life of the country down to regular pre-war standards."

We are at your comand with regular Ford efficiency in service and eagerness to fill your orders.

Sent Threatening Letter

rnest B. Ambold, aged 25, alias es L. Smith, of Richmond, Va. r arrest at Connellsville on a ge of sending a threatening let- through the mail, is alleged to confessed to special agents of Department of Justice that he the Police Department at Rich- d a letter which said a bank in city would be blown up October y members of the "Purple Band." letter was signed "Chief of the le Band," and a postscript read 't interfere with us."

e letter, mailed in Connellsville ember 18, was received in Rich- a few days after the bomb ter in Wall street, New York. letter was turned over to the ral authorities and was sent to Pittsburgh office of the Depart- ment of Justice for investigation. Special agents of the department went to Connellsville and arrested Ambold, who was working as brakeman on the Baltimore and Ohio railroad under the name of Smith. He will be turned over to the postal authorities and brought to Pittsburgh for a hearing.

Ambold told government agents he had been reading accounts of the bomb outrage in New York. He said he left his home in Richmond six weeks ago for Connellsville.

With only the handwriting in the letter as a clue, the agnets went to Connellsville and found in the office of the railroad company an application for employment written by "Smith" whose writing resembled that of the threatening letter.

One Man That Had Too Much Money

"Sherry", the Edgar Lewis-Pathe feature which will beat the Olympic Theatre Monday is the story of a young American who had more money than was good for him. He spent a fortune in short order and then handed the natives of his home town a surprise by turning over a new leaf and getting some experience earning money. Needless to say, the picture having been adapted from George Barr McClutcheon's novel, there is romance, adventure and mystery. Pat O'Malley plays the title role. He is supported by Lillian Hall, Harry Spingler, Gertrude Norman, Richard Cummings and many others take part in telling of this drama of love and adventure. 1t

NOTICE

Members of the Victory Garrison No. 65 A. & N. U. It would be highly appreciated by the officers of this organization if all members that have not been receiving notices of meetings would kindly send their name and address to Albert H. Scalees. Adjt. Owing to some records being lost, it has been impossible for us to get in touch with all members. It is important for you to get your name on the records.

E. J. Hebers,
Commander.

State Highway To Start Operations

State High way Department officials, who have authorized very little new work for the last three months because of adverse construction and transportation conditions and the interference with traffic occasioned by road building, today announced that 45 miles of new highway would be offered for bidding next month. These roads are located in 16 counties and the projects include stretches of concrete highway in Dowingtan on the Lincoln highway, and on a section of the William Penn highway, near Union Furnace. Other construction on much traveled roads will be Tullytown, Bucks county; Fairview, on the highway connecting New York and Ohio through Erie county; three miles between Indiana and Blairsville; nine miles of concrete road between Norristown and North Wales and seven miles between Washington and Monongahela.

Among links proposed to be built will be Washington township, Northampton county; Hopewell and Economy townships, Beaver county; Windsor borough and township; York county; Limestone township, Lycoming county; Dorancetown borough, Luzerne county; Flemington, Clinton county, and some parts of Beaver county.

Local and Personal Items of Interest

There is no charge for items contributed to this column of the going and coming of people or social happenings. Call 53.

—Oliver Ross of Eighth street is a visitor in Pittsburgh today.

Walter Haury of Schoonmaker avenue is in Pittsburgh today visiting friends.

—Mrs. S. P. Fields and daughter, Miss Edna of Knox avenue were in Pittsburgh yesterday.

—J. E. Cook has gone to East Millsboro, Fayette county, where he will visit for a few days.

—Miss Lil Taylor of Sewickley, is a guest at the home of Mrs. Milton Plumm of Sixth street.

—Miss Evelyn Robbins of Schoonmaker avenue left today for Philadelphia to visit friends.

—Miss Grace Reeder of Connellsville is spending the week end with local friends.

—Mr. and Mrs. William S. Lamey are attending a base ball game in Pittsburgh today.

—Mrs. G. A. Anderson of Park Way is spending the week end with her mother, Mrs. Margaret Glaister of Pittsburgh.

—Mrs. E. C. Reed of McKee avenue left yesterday for Altoona where she will visit with relatives for a few weeks.

—Mrs. John Smyth entertained in honor of the past officers of the Maccabees at her home on Schoonmaker avenue last evening.

The Charleroi football team will open the season today at Connellsville, when they meet the High school team of that city.

Mayor William H. Smart of Uniontown was a business caller in town yesterday and called on his old friend, Henry Fusarini.

—Mr. and Mrs. Sam Wagoner and son left last evening to spend a short vacation at the home of William H. Wagoner at Ravenna, O.

—Mr. and Mrs. Layton Chase, Mrs. Anna Hodchkiss and Mrs. Eva Rapp Ducoeur motored to Duquesne last night and visited with friends and relatives.

—John Lindh expects to leave this evening to spend the week end in New York, where he will meet some friends from California, who are visiting at the metropolis.

Half a hundred members of the Men's Bible Class and the Isabella Thoburn class of the Methodist Episcopal church enjoyed a corn roast last evening at the farm of Rev. Ramage in Rostraver township.

About fifty people were in attendance at the corn roast given by Mrs. Elizabeth Jones at her home in Belle Vernon last evening. The guests enjoyed a pleasant evening on the lawn where tables were spread with good things to eat.

M. Olsavicki, local meat market has purchased a moving picture theatre from the Superior Amusement Co., in North side, Pittsburgh, and has taken over the business, placing his son, John Olsavicki charge as manager.

—Mr. and Mrs. J. W. Darr and family and Mr. and Mrs. J. Seitz, of Johnstown will leave tomorrow for Johnstown and stop off in Somerset to see Mr. Dansick's father. They will make the trip in their car.

The Christian Endeavor of the United Presbyterian church will hold a social and business meeting at the parsonage, 449 Reed avenue on Friday evening, Sept. 24 to which all the members and friends of the congregation are invited.

ATTENTION LADIES!

Mothers, wives, sisters and daughters, we wish to organize a Ladies Auxiliary of the A. & N. U. in Monessen for the relatives of ex-service men. If you have a father, son husband or brother honorably discharged from or now in service you are eligible to membership in this great organization, which is incorporated under its own charter, has its national encampments annually, each auxiliary sending delegates in its own interest. Next encampment will be at Milwaukee, Wis. If you are interested in a Ladies Auxiliary, please communicate with Edw. J. Hebets, Commander of Victory Garrison, No. 65, A. & N. U. Arrangements will be made for a meeting of the Ladies at which national officers of the auxiliary will be present to install officers to be elected from the ladies present. Get your name in now and become a "Charter Member."

THE MISERY OF BACKACHE

Removed by Lydia E. Pinkham's Vegetable Compound.

Muskegon, Mich.—"For six years I was so weak in my back at times that I could hardly walk. Lydia E. Pinkham's Vegetable Compound was recommended to me and it made me good and strong again so that I am able to do all my work. I highly recommend your medicine and tell everyone I meet what it did for me." —Mrs. G. SCHOONFIELD, 72 Oak St., Muskegon, Mich.

Woman's Precious Gift

The one which she should most zealously guard is her health, but she often neglects to do so in season until some ailment peculiar to her sex has fastened itself upon her. When so affected women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

BUICK

Emblem of Satisfaction

UTILITY is the dominating characteristic of the new Nineteen Twenty One Buick Valve-in-Head Series.

Buick engineers have always made service and power their leading principles and those who buy motor cars on this business basis will find in the new Buick series high-powered transports just as strong, durable and dependable as the highest engineering skill can make them.

While service and power are emphasized, the new Buick models are cars of striking beauty, highly attractive in lines and in appointments. In resilient spring suspension, making riding smooth and easy, and in the generous room provided for the full number of passengers, they offer a high degree of comfort.

The roomy, commodious new Buick seven passenger open car is a happy selection, combining comfort and utility with extra passenger capacity to meet every need.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

A Profitable Investment

Houses not wired for electric service are not in the "all modern improvements" class.

Tenants taboo them as being inconvenient, uneconomical and unfashionable.

Landlords find them hard to rent, difficult to sell and expensive to insure.

Your friends and neighbors who own, buy, sell or rent houses, will substantiate these facts. Eliminate these drawbacks by having your houses wired.

We do the work at moderate cost and on easy terms.

NOTICE

By virtue of an order issued out of the Orphans Court, of Westmoreland County, Pennsylvania, notice is hereby given that on the 16th day of September, 1920, Nannie Bell Carter, F. Charles Carter and Chauncey S Duvall, administrators of the estate of Levi P. Carter, late of Monessen boro., deceased, filed in said court their petition to sell to F. Charles Carter, at private sale for the payment of the decedent's debts and the expenses of the administration of his estate, certain real estate of which he died seized, consisting of approximately seven and one-half acres of unmined coal of the Pittsburgh vein or seam, situate in Rostraver township, Westmoreland county, Pa., adjoining coal lands of the Monessen Coal and Coke company, the said unmined coal acreage underlying 20 acres, more or less, as above situate, also the right to the use of three acres of the surface land, more or less, situate as aforesaid, in connection with mining operation together with all mine equipment, supplies, tipple, coal chute, steam shovel and other items of property, together constituting the property known as "L. P. Carter Coal Works" as particularly described in the petition above referred to, the consideration to be paid by the said F. Charles Carter to be the sum of $80,000.00 in cash upon the execution and delivery of a deed, less that part of the said sum of $80,000 00 as may be required to fully pay and discharge of record the unpaid balance on the mortgage to the Monessen Trust Company, dated Aug. 9, 1918, being the sum of $41,769.59, with interest from Feb. 9, 1920 and the unpaid balance on the mortgage to Edward M. Frye dated March 15, 1919, being the sum of $2500.00, with interest from March 15, 1920; and notice is also hereby given that on Saturday, the 16th day of October, 1920, at a session of said Court beginning at 9 a. m the said Court will authorize and decree such private sale unless a creditor or party interested as heir, devisee or intending purchaser appears and objects to such private sale on account of the price and offers to pay a substantial increase therefor.

PER CURIAM.

Attest: Edward A. Cremer, Clerk.
3t-Sept. 18-25-Oct. 2

RED CROSS STILL ACTIVE IN COUNTY

A majority of the public believes that the activities of the American Red Cross ceased with the termination of the war. It is only fair to the Red Cross and to the community at large, to correct, if possible, this impression. The truth is that the American Red Cross, particularly the Westmoreland County Chapter, is even more active since the cessation of hostilities than it was during the actual fighting period. They are taking care of demands from soldiers and making loans to

Miss Beatrice Henszey

these soldiers until compensation can be received. They look after the training of soldiers and they arrange for the Government educational features. They file compensation claims, trace insurance claims, trace lost baggage and equipment.

Not only in their work concerned with the welfare of the returned soldiers but they are doing a vast humanitarian work in connection with the poor and indigent throughout the county generally. Poor families are cared for and work is found for the unemployed. Not a minor feature is their work in connection with the installation of public nursing classes, which are being established at various points thruout the county. Interest in these classes is intense and the actual value of these home-trained nurses at the time of an epidemic, such as the influenza epidemic which we recently suffered, is incalculable.

This then, is a short resume of the present work of the Westmoreland County Chapter of the American Red Cross. It might be added in passing that this Chapter is making monthly disbursements exceeding $2,000.00, and that the work is fostered and carried on by people who take a hearty interest in it, by the best business people, and by the most efficient women workers in each district.

Not a litle of the success of this work is attributable to Miss Beatrice Henszey, the Executive Secretary. Miss Henszey has brought to this work years of experience in the particular line of Civilian Relief and Social Service. So varied has been her career, that she is competent to approach each problem with that degree of assurance, and knowledge of acual needs, as to make success a certainty.

Miss Henszey has her headquarters in Greensburg, but travels to all parts of the county, looking after cases in distress, establishing Sub-Chapters, and assisting in the training of nursing classes. She surrounded herself with a corps of experienced and willing workers, and supporters may have the utmost confidence that the work is going forward unabated and the money is being well spent.

"I Want Something Good"

That about sums up the average man's clothing preferences. He has no preconceived notions as to style, and, in many cases, as to price.

He may have special leaning towards one color or another—and he may have his particular objection to one or two colors. But, outside of that, he wants "something good."

So, when we sell a man—we make it a point, without telling us, of giving him clothes that insure satisfaction. Just the kind of cut and drape to suit his peculiar "style of beauty."

High-Art Clothes

—they take care of all a man wants to know about clothes. Only here in (Monessen) can you get them.

THE AMERICAN RED CROSS IN PEACE TIME
Junior Red Cross

About 12,000,000 boys and girls, composing nearly half the school population of the United States, are members of the Junior Red Cross, which is helping the children of Europe, while at the same time it is doing an important work here at home. Kalitan Chetwolf, who wears the engaging stalle shown in this picture, is the son of an Indian guide and trapper. He is the youngest Junior living in the neighborhood of Juneau, Alaska—and he sends greetings to fellow Juniors of the United States.

Strange Hotel.

What is probably the queerest hotel and restaurant in the world is that recently erected at Atlantic City N J It takes the form of a monster elephant. Seen from a distance the resemblance of the structure to a live elephant is remarkable As you approach it its huge size becomes apparent, but you quickly observe that it is only a thing of wood and iron, but most cleverly contrived It boasts of many beds, and a dining pavilion on the animal's back capable of accommodating two hundred people. One reaches this novel restaurant by means of a staircase which runs up through the animal's legs and body Here and there windows give the necessary light Needless to say the elephant hotel is causing quite an attraction and its owner bids fair to reap a good harvest as a result of his ingenuity
